Dear Tenant:	

Below is the calculation for the 2019-2020 bond measure passthrough in accordance with Rent Ordinance Section 37.3. This Ordinance permits an owner to pass through to each tenant in the above-referenced property the costs directly attributable to the passage of certain general obligation bond measures previously approved.

The Bond Measure Passthrough Factor is based on 100% of the City's general obligation bonds approved by voters between 11/1/96 and 11/30/98, 50% of the City's general obligation bonds approved by voters after 11/14/02, and 50% of the SF Unified School District or SF Community College District's general obligation bonds approved by voters after 11/1/06.

## These costs may be passed through on the tenant's anniversary date to any tenant who was in residence as of November 1, 2019.

The amount on line 8 is the monthly amount I am permitted to pass through to each unit and is calculated by using the formula that follows below. If you have any questions about the calculations, please call the above referenced person and number, or you may also write me at: \_\_\_\_\_\_

If you have not been able to resolve questions about this passthrough with the landlord/agent, a tenant may file a petition with the Rent Board to request a review of the passthrough. You may contact the Rent Board at 252.4600 or go to the Rent Board's office at 25 Van Ness Avenue, Suite 320, San Francisco, CA 94102.

## City and County of San Francisco

# In order for a general obligation bond measure passthrough to be imposed, the following conditions must all be met:

- The tenant(s) must have been in residence as of November 1, 2019;
- A written notice of the prospective increase must be given along with this form. The notice must be served in accordance with California Civil Code Section 827;
- The increase CANNOT become part of the base rent—it must be kept separate and then discontinued after the tenant has paid it for the number of months specified on Line 7 of the passthrough worksheet;
- Bond measure passthroughs may be "banked" and imposed in future years, provided that the applicable Bond Measure Worksheet is completed for each banked passthrough and attached to the notice of rent increase. There is a different Worksheet for each tax year, since the percentage of the property tax rate attributable to repayment of general obligation bonds varies from year to year. However, for bond passthrough imposed on or after January 1, 2021, the landlord may only impose bond passthroughs for tax bills issued within three years prior to the year in which the passthrough is imposed. For example, if the landlord imposes a passthrough on June 1, 2021, it may include general obligation bond costs for tax bills issued between January 1, 2018 and June 1, 2021, but cannot include any tax bills issued prior to January 1, 2018.
- The passthrough must be imposed on the tenant's anniversary date, and must be discontinued after the tenant has paid it for the number of months specified on Line 7 of the passthrough worksheet. For example, if the passthrough is effective January 1, 2021 and is based on property tax bills for the prior three tax years, the passthrough will be paid in 36 monthly installments over a period of three years. For general obligation bond passthroughs imposed *prior to January 1, 2021*, the total passthrough is paid by the tenant over a period of 12-months, regardless of the number of property tax bills used in the passthrough calculation (i.e. even if the passthrough is based on multiple tax years, the entire passthrough amount would be paid in 12 monthly installments).
- The passthrough amount must be recalculated each year using the Bond Passthrough Factor for that tax year. This form is to be used only for the 2019-2020 tax year;
- A landlord cannot petition for bond measure costs through an operating and maintenance expense petition **and** use this direct passthrough procedure—**only one option may be used**; and,

**Tenant Challenge of Improper General Obligation Bond Passthrough:** Within one year of the effective date of a General Obligation Bond Passthrough, a tenant may petition for an arbitration hearing on the following grounds:

- The landlord did not serve a copy of the Bond Measure Passthrough Worksheet with the notice of rent increase;
- The landlord did not properly calculate the passthrough;
- The passthrough is calculated using an incorrect unit count;
- The landlord imposed the passthrough on a date that is not my rent increase anniversary date;
- The tenant did not reside in the unit as of November 1<sup>st</sup> of the applicable tax year;
- The Rent Board previously approved an Operating and Maintenance Expense increase that included the same increase in property taxes due to repayment of general obligation bonds.

If the landlord fails to discontinue the passthrough after it is fully paid, a tenant may file a petition on this basis at any time after the passthrough should have been discontinued; such petition is not subject to the one-year filing limitation.
